- AWS & Azure Basics
- Manual Testing
- Regression Testing
- Functional Testing
- UI Testing
- Playwright
- Selenium
- Appium
- Maestro Studio
- Jira
- Postman
- Test link

About Me

I am a motivated and detail-oriented Quality Assurance Engineer with a strong work ethic and a passion for delivering high-quality software solutions. I am capable of achieving challenging goals and meeting targets while working efficiently both independently and as part of a team. I take ownership of my responsibilities and ensure that all tasks are completed accurately and on time. I am a quick learner and an attentive listener, with the ability to communicate effectively with both technical and non-technical stakeholders. I continuously strive to improve my skills and stay updated with new technologies and testing practices. I have a proactive mindset, always focused on identifying issues early and finding effective solutions to improve system performance and user experience..

Work Experience

Ceydigital technology PVT LTD. | Software Developer Intern
(6 Months)

Key responsibilities:

- Developed complete User, Admin, and Super Admin interfaces for a full-stack web application project.
- Collaborated with UI/UX designers and backend developers to implement responsive and user-friendly web pages.
- Gained experience in front-end development, API integration, and version control systems (e.g., Git).

Ceydigital technology PVT LDT- Present | Quality Assurance Engineer

Key responsibilities:

- Worked on Tripsyngo platform including User App, Service Provider App, Admin, and Super Admin panels.
- Performed functional, UI, and regression testing on mobile and web applications.
- Identified, documented, and tracked bugs using standard bug tracking tools.
- Created and executed detailed test cases, ensuring product quality and smooth user experience.
- Tested Worklenz Mobile App, a task management application, validating functionality, performance, and usability.
- Collaborated closely with development teams to resolve issues and improve app performance and reliability.

Education Background

- BICT(Hons)Software Technologies – South Eastern University of Sri Lanka. (Reading)
- G.C.E. Advanced Level Examination – 2018
- G.C.E. Ordinary level Examination – 2015
